Long alif

Goal: Compare a short a with long ā.

Name: _____ Date: _____ · Look, point, draw and explain to a grown-up.

1	2	3
بَ	بَا	بَابٌ

1 · Find and explain

Which has the long vowel: بَ or بَا?

2 · Match the model number

Write the matching number beside each clue. A grown-up may read the English aloud.

ba ___

a door ___

bā ___

3 · Use what you noticed

Compare بَ and بَا. Copy both. Circle the extra letter that supports the long vowel in the second example. You may point, draw or ask a grown-up to write your explanation.

One small next step: □ revisit the model □ try with help □ explain independently
